PROFESSIONAL SUMMARY

Recent Master of Design (M.Des) graduate in Information Art and Information Design Practices with a strong foundation in Product Design, UI/UX Design, Website Design, UX Research, Service Design, and Visual Communication. Skilled in user-centred design, design thinking, user research, information architecture, wireframing, prototyping, usability testing, responsive design, and design systems through academic projects, ethnographic research, and professional internships.

Proficient in Figma, FigJam, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe Premiere Pro, Procreate, Canva, and AI-assisted design tools. Passionate about designing intuitive, accessible, and meaningful digital experiences that align user needs with business goals. Eager to contribute creative problem-solving, collaboration, and a research-driven approach as an entry-level Product Designer, UI/UX Designer, or UX Researcher while continuously learning and growing in a fast-paced product environment.

SKILLS

Product Design & UI/UX: Product Design, UI Design, UX Design, User-Centred Design, Design Thinking, Information Architecture, Design Systems

UX Research: User Research, User Interviews, User Personas, User Journey Mapping, Usability Testing, Competitor Analysis, Ethnographic Research

Design Process: Wireframing, Low and High-Fidelity Prototyping, User Flows, Sitemaps, Information Design, Accessibility, Visual Storytelling

Design Tools: Figma, FigJam, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe Premiere Pro, Procreate, Canva, GenAI

Professional Skills: Problem Solving, Creative Thinking, Communication, Collaboration, Presentation Skills, Time Management

EXPERIENCE

UI/UX Design Intern | Real Seeds

November 2025

- Designed user-centred mobile interfaces using Figma by creating wireframes, user flows, interactive prototypes, and reusable UI components
- Collaborated with the design team to improve usability, accessibility, and visual consistency across digital products
- Applied design thinking and user-centred design principles to translate user needs and business requirements into intuitive digital experiences
- Participated in design reviews and iterative design improvements based on stakeholder feedback and project requirements

Graphic Designer | Studifysuccess Pvt. Ltd.

July 2025 - October 2025

- Designed marketing campaigns, social media creatives, presentations, banners, and digital assets while maintaining brand consistency
- Produced engaging visual content using Figma, Adobe Photoshop, Adobe Illustrator, and Canva for digital marketing initiatives
- Collaborated with cross-functional teams to deliver high-quality design solutions within project timelines
- Applied branding, typography, layout design, and visual communication principles to enhance audience engagement and brand identity

Graphic Design Intern | HPE Solutions

August 2023 - November 2023

- Designed social media creatives, promotional graphics, logos, and marketing materials using Adobe Photoshop, Adobe Illustrator, and Canva
- Collaborated with mentors and team members to develop creative solutions aligned with branding and marketing objectives
- Assisted in creating visual communication assets for digital campaigns while ensuring consistency with brand guidelines
- Strengthened expertise in branding, typography, layout design, and digital content creation through real-world client projects

SELECTED DESIGN PROJECTS

FlexiCleanse - Sustainable Waterless Face Wash (FMCG Product)

- Designed FlexiCleanse, an innovative waterless face cleansing solution in the form of biodegradable tablet tissues infused with bamboo silk powder, aloe vera
- Conducted user research, market analysis, and material exploration to identify opportunities for a portable, eco-friendly personal care product
- Developed the complete product design process, including concept development, branding, packaging design, user experience, and product visualisation
- Applied sustainable design principles, user-centred design, packaging design, and visual communication to create an accessible and travel-friendly solution

Tools: Adobe Illustrator, Adobe Photoshop

FMCG Product Campaign

- Designed an integrated branding and marketing campaign for an FMCG product by combining consumer research, brand strategy, and visual communication
- Developed campaign concepts, packaging visuals, promotional assets, and digital marketing creatives while maintaining a consistent brand identity
- Applied typography, layout design, branding, storytelling, and consumer-centred design principles to enhance brand engagement
- Presented a cohesive campaign strategy supported by research, design rationale, and creative execution

Skills Applied: Branding, Campaign Design, Packaging Design, Visual Communication, Marketing Design

Harvest Festival - Ethnographic Research

- Conducted a 20-day ethnographic research study during the Harvest Festival in Telangana to understand local traditions, cultural practices, and community interactions through field observation and qualitative research
- Documented observations, analysed user behaviours, and synthesised research insights to identify design opportunities
- Applied ethnographic research, storytelling, visual documentation, and human-centred design principles throughout the research process
- Translated cultural insights into meaningful design concepts and user-centred experiences

Skills Applied: Ethnographic Research, Qualitative Research, Observation, Human-Centred Design

Children's Publication Design

- Designed and developed experiential children's books in multiple interactive formats, including accordion books, star origami books, and traditional bound publications
- Applied information design, illustration, typography, layout design, interaction design, and storytelling principles to create engaging learning experiences
- Focused on enhancing children's interaction, curiosity, and visual engagement through creative publication formats

Skills Applied: Information Design, Illustration, Publication Design, Storytelling, Interaction Design

Illustration Short Film

- Conceptualised, storyboarded, illustrated, and produced an original short animated film based on visual storytelling principles
- Applied digital illustration, storyboarding, composition, motion planning, and narrative design to communicate ideas effectively
- Demonstrated creative problem-solving and visual communication through sequential storytelling

Skills Applied: Digital Illustration, Storyboarding, Visual Storytelling, Narrative Design

EDUCATION
